

# MAINE EMS CEH CATEGORIES FOR JPMA ON-LINE COURSES

The Justice Planning and Management Associates certificates do not have their name on them. The first line of the certificate will say "Name of Contracted Service" Online Training Center. Example: If ABC Ambulance Service was accessing this program for its members, the first line of the certificate would say **ABC Ambulance Service Online Training Center**. It will also list the name and address of that agency on the certificate after the students name, date of birth, and EMS license number.
